

BONALDO

Nikos

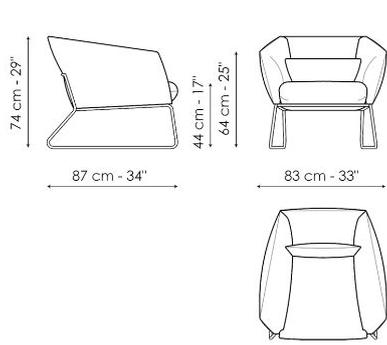

Nikos, a metal frame armchair with a soft and enticing design that is an invitation to relaxation, is suitable not only for living spaces, but is also perfect for public environments and reception areas. Cosy and welcoming, it is particularly comfortable thanks to its shapes and its lower back cushion in soft down padding, which supports the lower back area. Nikos is also available in the version with a high backrest

(Nikos hi), with an elegant quilting. With fully removable covers, all the Nikos models can be upholstered in fabric or leather. The painted metal base gives the group lightness, and thanks to the wide range of colours and finishes in which it is available, it enhances the body and makes it possible to create delightful combinations or bold contrasts.
